Superintendent's Highlights

Completion of the new seven-hundred-student capacity South Fremont High School in St. Anthony and preparations for beginning the new school year have taken considerable effort and reflect much community pride and facilities planning. Our School-within-a-school model Alternative School has continued to provide a successful experience for any of our at-risk students. The Reading Recovery program is now established and providing excellent results for the majority of our early at-risk readers. We are proud of the overall results from our first year of having a District Athletic Director and are looking forward to continued support and improvement of the quality of extra-curricular school experience. We have worked to provide extensive staff training in the use and application of technology in the classrooms and recently implemented a plan to assist staff in financing and acquiring personal computer equipment.
